

OLD UNIFORM RECYCLING SERVICE

ARE YOUR CUSTOMERS ASKING HOW THEY  
CAN RECYCLE THEIR OLD UNIFORMS?

# We're here to help!

Fashion Biz has partnered with **Textile Recyclers Australia Pty Ltd** in Sydney and Melbourne to provide a cost-effective way to recycle end-of-life uniforms that is good for your business AND good for the planet!

## How does it work?

- 1 Ask your customers to drop their clean, old Fashion Biz uniforms that are no longer fit to wear at your store/office/showroom.
- 2 Visit our Sydney or Melbourne Warehouse and bring these uniform items along to the Warehouse entrance drop off point.
- 3 We'll weigh the garments and place them in the **Textile Recyclers Australia Pty Ltd** recycling bin.
- 4 The charge for this service will be **\$3 per kg** to recycle these garments. Fashion Biz will invoice each distributor that utilises this service on behalf of **Textile Recyclers Australia Pty Ltd**.
- 5 **Textile Recyclers Australia Pty Ltd** will then remove the bin and recycle the old uniform apparel. Find out more about their uniform recycling process **here**.

### Recycling Pick-Up Australia-Wide

Our distributors outside of Sydney and Melbourne can recycle clean, old uniforms through **Textile Recyclers Australia Pty Ltd** too by utilising their Australia-wide pick-up service from \$23.

You can book the pick-up service online via **this link** when recycling old Fashion Biz uniform apparel.

Fashion Biz aims to change the operation of its business to design more sustainable garments and utilise more environmentally friendly packaging, increase recycling rates and minimise packaging consumption to reduce our environmental impact.

We are making it a priority to change our product life cycle for the better. That means growing a better future for both our customers and the planet.

As a business we have taken steps to reduce our **plastic packaging**, we have introduced **Biz Eco** products in the Biz Collection range, we're taking steps to reduce our power consumption and we're increasing our operational recycling rates.

Now we're looking for solutions to make it easier for our distributors and their customers to recycle old end-of-life uniforms that can no longer be worn.
